SPORTS

Denver, March 13.—Battling Nelson, lightweight champion of the world, and his sparring partner arrived in Denver and remained until 7 o'clock at night, when they took the Rock Island train for Kansas City. The latter is on his way from San Francisco to New York, where he has much business to attend to at the present time. He goes to see the publishers of his book, which will be on sale before long, and for which he already has some 5,000 orders. The first edition will be 20,000 copies.

This of his mind he will give his entire attention to the fighting game. He is now signed to meet Dick Hyland in a forty-five round bout at the Colma club. Hyland is considered one of the toughest men in the world over a route, and Bat realizes that he will have to be at his best if he hopes to win, which, of course, he does.

Then there is much in the way of mitt pushing tactics to be adopted in New York, where Manager Willis Britt has arranged many engagements, only awaiting the sanction of Nelson before consummation. It is expected that Nelson and Moran will get together. This may, however, be postponed in order to make Bat's debut good that he would meet any five of the Englishmen that are now cutting such a figure on the fighting horizon, in the same ring on the same night, one after the other, with only fifteen minutes intermission. James W. Corroth is now endeavoring to arrange that bout, which would be the biggest in the pugilistic line that has ever taken place in the country.

Of course, if this falls through, then Moran, White or the others will be taken on as they come along. When speaking of this arrangement he said:

"You don't think that I would make a foolish proposition of that kind unless I was confident I could carry out

the contract I offer to make. I told Corroth that I would fight the first one for \$15,000, two of them for \$25,000, three of them for \$32,000 and the other two at \$2,500 apiece. He seems to think this a fair price and will arrange it if he can.

"It does seem amusing to me to read what some writers have to say regarding this proposition. But as I am to fight the men and as I have made a careful study of their fighting as well as to their records, I think I am entitled to my opinion as well as they may be to theirs. However, when you stop to analyze some of their stuff it is not in keeping with anything that relates to the battle, and they can't show me why any or all of them should win from me.

"McFarland? Well, just say for me—one big joke. I would give almost anything to get that fellow in the ring with me. He'd do very little talking after we got through. Why didn't he remain in 'Frisco and fight Hyland? I am not accusing him of running away from the match, but then you know what the old negro said, 'I see powerful scared.' Maybe that's what alluded Peckey and maybe it's not. I will leave his own actions in the matter to speak for themselves."

When asked what he thought would be the chances of Jeffries and Johnson meeting in the ring, he said: "I don't see how Jeffries can avoid a meeting. Public clamor and the demand of the people that the crown be placed in the hands of a white man will force him to again don the fighting togs and do battle."

"Is there any chance of his losing? Well, say if the big fellow is in only half as good shape or only one-third as good as he was when he retired, Johnson has about as much chance with him in the ring as a snowball would in the place that Bob Ingersoll said was a myth and refused to admit existed. Jeffries is the greatest heavyweight we ever had and could beat all the Jack Johnsons or anything else that ever opposed him without halt trying. Jeffries' great popularity at this time is due mainly to the fact that the white race looks to him to redeem the title, and if he fails to do so he will be as unpopular as he is popular now. He can't refuse the demand of those who support the game throughout the world, and I know he won't."

SANTA ANITA RESULTS.

Los Angeles, March 13.—Of the four which went to the post in the Norfolk handicap at Santa Anita park today, the winner Joseph K. was only one to pull up sound. The Commencer gelding made a show of his field and won with his mouth wide open by a sixteenth of a mile from big Bow, which in turn easily took care of Animus, the odds-on choice. Crack Shot, the added starter, was beat on off. Big Bow and Animus alternated setting the early pace, the former running out at every turn which perhaps cost him the race. The time for the four miles was 7:34.2.

William Gerst's two-year-old Donau ran four furlongs in 46.5. A new world's record in just beat by a nose, Rocky O'Brien, in the baby race. Favorites fared none too well, second choices and outsiders dividing the purses. First race, selling, six and a half furlongs—Lord Nelson, 109 (Amuchon), 13 to 5, won; Pal, 109 (Goldstein), 7 to 5,

second; Grand Dame, 107 (G. Henry), 7 to 2, third. Time, 1:13.4-5.

Second race, purse, four furlongs—Donau, 115 (Kennedy), 6 to 5, won; Rocky O'Brien, 105 (V. Powers), 2 to 1, second; Frank G. Hogan, 115 (J. Howard), 7 to 2, third. Time, 1:16.1-5.

Third race, selling, mile and an eighth—St. Harlo, 106 (Rice), 5 to 1, won; Oberon, 105 (Brooks), 13 to 1, second; County Clerk, 109 (Powers), 7 to 2, third. Time, 1:32.5-5.

Fourth race, the Norfolk handicap, \$2,000 added, four miles, for three-year-olds and upward: Joseph K., 92 (McCahey), 10 to 1, won; Big Bow, 101 (Butler), 1 to 2, second; Animus, 111 (Powers), 1 to 2, third. Time, 1:16.2-5.

Fifth race, six and a half furlongs, purse—Fair Annie, 106 (G. Burns), 5 to 1, won; Chilla, 106 (Butwell), 20 to 1, second; Colloquy, 112 (Kennedy), 4 to 1, third. Time, 1:19.

Sixth race, mile—Maltbie, 102 (G. Burns), 7 to 2, won; Prince Ahmed, 108 (Musk), 4 to 1, second; Orbicular, 117 (V. Powers), even, third. Time, 1:27.5-5.

Seventh race, purse, five and a half furlongs—Riano, 112 (J. Howard), 5 to 1, won; Tom McGrath, 112 (V. Powers), 5 to 2, second; Col. Bob, 112 (Musk), 3 to 1, third. Time, 1:16.3-5.

EMERYVILLE RESULTS.

Oakland, Cal., March 13.—A. J. Small, the fast colt for which an offer of \$15,000 was refused by P. T. Chin was cut down very badly during the running of the Undine stakes at Emeryville today.

A tendon was severed and the racing career of the youngster is doubtless ended. He was insured for \$10,000. A. J. Small and Ollie James represented the Chin stable in the race. Carroll, a youngster from Arcadia, led most of the way and won cleverly from Coppertown and Elfin Beau.

Stanley Fay showed improvement and won the Jerome handicap.

First race, six furlongs, selling—Oscarine, 98 (Coburn), 20 to 1, won; The Mist, 107 (Rettie), 15 to 5, second; Antigo, 110 (Archibald), 15 to 1, third. Time, 1:14.3-5.

Second race, mile and twenty yards, purse—Jeanne D'Arc, 108 (Lee), 3 to 5, won; Husky, 110 (C. Miller), 5 to 1, second; Fancy, 105 (Butler), 11 to 1, third. Time, 1:43.5-5.

Third race, Jerome handicap, mile and seventy yards: Stanley Fay, 116, Clark, 13 to 5, won; Rose Queen, 96 (Taplan), 12 to 5, second; Eyebright, 108 (Butler), 11 to 5, third. Time, 1:45.3-5.

Fourth race, four furlongs—Undine stakes, value \$1,000; Carroll, 111 (McIntyre), 18 to 5, won; Coppertown, 111 (Bore), 30 to 1, second; Elfin Beau, 108 (Lee), 12 to 1, third. Time, 1:18.3-5.

Fifth race, mile and fifty yards, selling—Barney Oldfield, 106 (Archibald), 15 to 5, won; Import, 107 (Keogh), 2 to 2, second; The Peer, 92 (Deverich), 5 to 2, third. Time, 1:41.5-5.

Sixth race, five and a half furlongs, Peyton High weight handicap—Pajaroita, 125 (Taplan), 12 to 5, won; Roger Red, 123 (Rettie), 4 to 1, second; Fanatic, 109 (Lee), 13 to 5, third. Time, 1:17.2-5.

DETROIT DRIVING CLUB RECONSIDERS DECISION

Detroit, March 13.—Directors of the Detroit Driving Club have reconsidered their decision to change the Chamber of Commerce \$5,000 pacing stake from the 2:15 class, and this fixture of the last meeting will remain in the 2:15 class. The value of the Wolverines handicap, a free-for-all pace,

which takes the place of the 2:07 pacing stake, is to be \$3,000.

Receipt That Cures Weak Men---Free

Send Name and Address Today--You Can Have It Free and be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So, I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor-failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence, so that any man, anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what, I believe, is the quickest-acting, restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so, cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4420 Luck Bldg., Detroit, Mich., and I will send you a copy of this splendid receipt, in a plain, ordinary sealed envelope, free of charge.

How to Read Your Electric Meter

To read the dials of an electric meter, it is only necessary to note the record of each dial, beginning with the right, and writing the result from right to left to obtain the readings. Owing to the closeness of the observation required, and the possibilities of errors caused by the angle of sight, it is necessary to read each dial (except the right hand one) in connection with the one of next lower value.

AS A GENERAL RULE IT MAY BE STATED THAT WHEN A POINTER STANDS BETWEEN ANY TWO NUMBERS ON A DIAL THE LOWER NUMBER IS ALWAYS READ.

The small figures above each dial give the numerical value of one division thereon, as: 1s (units), 10s, (tens) 100s (hundreds), 1000 (thousands). Each division of the units dial represents 11c. worth of electricity.

READING THE METER

In reading the dial shown above, the lowest or dial is first read, the result being 1. The 10s dial follows. The pointer stands between the 8 and the 9, and is read 8, and the reading of the two dials is 81. On the 100s dial, the pointer has passed the 5 and stands almost on the 6. It cannot, however, be read 6 until the pointer on the 10s dial has completed the revolution of which 0.8 has been covered, consequently the pointer is read 5, and the total reading of the three dials is 581. Likewise the pointer on the 1000s dial must be read 1, since the pointer on the 100s dial has made but 0.5 of a revolution, since the pointer on the 1000s dial stands at 1. The total reading of the meter is 1581.

FIGURING THE BILL

In order to figure the bill, suppose your register now stands at 1581, while at the previous reading it stood at 1557, the difference, 24, would show the number of units consumed during the period, and the bill would be 24 units x 11c., or \$2.64.

With a little practice one can learn to read the meter without difficulty, and a few seconds spent each day in glancing at the reading and checking the consumption will enable one to keep in touch with the amount of current being used, and in this way keep the bills down.
